COST MP1105 FLARETEX
1st Scientific Meeting of all Working Groups

Tuesday 13th November 2012, 9 a.m.,
Paris-Est Créteil, France

The objective of this meeting is to set up and to define the working groups WG1 (Novel Flame Retardants), WG2 (Toxicological/environmental aspects), WG3 (Processing/Applications/Commercialisation) and WG4 (Testing/Standardisation) of the COST Action MP1105. It is expected that the output of the meeting will be a sound planning for each of the working groups defined in COST MP1105, how to proceed further in the next four years, what scientific and technical events will be set up and what kind of joint projects could be defined and jointly undertaken. It should be further decided what additional measures can be taken to further promote the topics of the working groups and the COST action (exchange of scientific visitors, homepage, dissemination, etc.).
