TO AND FROM THE AIRPORT

An eco-friendly and cheap way to travel from Barcelona’s airport to downtown is by bus. The “Aerobus” leaves from Terminal 1 and Terminal 2 every 5’ and it costs € 5.90 (one way) and € 10.20 (round trip). It takes about 35’ from the airport to Plaza Cataluña. The Aerobus has two stops more: Urgell metro station and Plaza Espanya metro station. The Aerobus has two lines: A1 from/to terminal 1 and A2 from/to terminal 2. For more information please have a look at: http://bit.ly/14ziOvV

From Terminal 2 a train service is also available. You will find information about other means of transportation from the airport to downtown in this link: http://www.barcelona-airport.com/eng/transport_eng.htm

PUBLIC TRANSPORTATION

Barcelona has an extended and efficient public transport network, you will find more information in the following link:

http://bit.ly/1wZEF7P

Barcelona has an integrated fare system enabling passengers to obtain a free transfer from one means of public transport to another within a period of 1 hour and 15 minutes. There are different types of travel cards and transport passes in Barcelona that are valid throughout the public transport network (metro, buses, tram and suburban rail).

A single ticket costs € 2.15, this is an individual non-integrated ticket, so it’s valid only for a single journey. If you are staying different days in the city consider buying:

• T-10 card which is valid for 10 journeys and can be shared among more than one person. T-10 card costs € 9.95
• Day passes available for 2, 3, 4 and 5 days. You will find the tariffs and conditions here: http://www.tmb.cat/en/barcelona-travel-card

To learn about how to get to every place in town by public transport please check out the website:
